Club AC30 #7

Premier London Shoegazing night **Club AC30** releases its seventh limited edition split CD single. Lovingly handmade, limited to 500 copies each featuring the best in shimmery and noisy guitars.

First up, from Providence Rhode Island **thebrotherkite**, consisting of founding members Patrick Boutwell and Jon Downs, as well as bassist Andrea Mason, guitarist Mark Howard and percussionist Matt Rozzero. **Get On, Me** is a stirring dream-pop experiment as absorbing as it is challenging. After releasing their self-titled debut album on Clairerecords via Tonevendor, they are currently working on the second full-length. If Get On, Me is anything to go by, it'll be a great record.

Next we have **Daydream Nation**. From Ottawa Canada, with a core line-up of Pat Vaz on guitar and vocals, and Hunter Crowley, formerly of Warlocks & Brian Jonestown Massacre, on drums. **Feed Me A Kiss** is all about distorted impenetrable guitars, big fuzzy drums and lazily mammoth vocals. Excellently reminiscent of early nineties noisy pop like Jesus & Mary Chain, Swervedriver and My Bloody Valentine.

Third band is old AC30 favourites **Heliconia**. Featured last year on Never Lose That Feeling compilation with their excellent cover of Ride's Drive Blind, this time they contribute their own composition **Witness**. A dynamic and tasteful mix of neo and classic shoegaze, recalling Spacemen 3 at their best. The band are from London and shortly have their debut album Glad You Were Born released on Isolation Recordings.
